Nov 22-28, 2020	Smith Lake, NM	Youth/Intergenerational	
<b>Group Size: Min. 15/Max 40</b>			

### Where are we going?

The purpose of this mission experience is to help our Navajo partners in the development of their community while building relationships with the wonderful community members we get the great opportunity to serve alongside. We go as learners and listeners with servant hearts open to what God has prepared for us to do. The hope is that when trip participants return home they will be open to helping others in need locally and expand their efforts around the world.

The construction projects usually consist of home renovations such as roof repair and ramp building as well as home builds. The team will also have an opportunity to have Kids' Club for the children in the community.

### What are we doing?

World Servants has partnered with the Navajo Nation leaders for more than 20 years to help them with community development in many different ways. We have brought in teams to help with construction and outreach as well as the connection of resources and providing leadership training. There are over 100 churches of many different denominations working fervently as one to help create sustainable development in the Navajo Nation.

Our call to help in the Navajo Nation includes but is not limited to the renovation of homes for the elderly, disabled and veterans; renovation or rebuild of homes in the [Bennett Freeze](#) area; and the restoration of homes for impoverished community members.

World Servants seeks to use the skills and interests of the trip participants during the mission experience. However, all participants are asked to remain *flexible and open* to the opportunities for “being” and “doing” what the Spirit provides.

## Food, Lodging, and Travel

The cost of the trip does not include transportation to and from the mission site and are the responsibility of trip participants. Participants need to provide transportation throughout the week for travel between the housing site, work sites and scheduled activities.

You should fly in by 12:00 p.m. and drive to the mission housing site—drive times and airport depend on the host community. Please plan on arriving at the mission site by 4 p.m. We would like to have everyone gather on Sunday at 6:00 p.m. and have dinner together.

The team will stay at a local school, mission housing or local church so plan to bring air mattresses and bedding or a sleeping bag. There are shower and restroom facilities available. Food is provided by World Servants and prepared by local cooks.

### Daily Activities Include:

- Personal prayer time in the mornings
- Outreach to the children through Kids' Club (Vacation Bible School)
- Restoration and construction work.
- Three meals a day and safe, comfortable lodging
- Reflection time, evening program and praise and worship

In addition, there will be cultural orientation and training, an opportunity to worship within the community or participate in a community event and a community barbeque where you can spend more time with community members. Your trip also includes a day-off on Wednesday when everyone will enjoy a chance to see the amazing scenery of the Southwest, as well as do a bit of shopping. The trip will finish after breakfast on Saturday morning.

### Registration

Please register online at [www.worldservants.org](http://www.worldservants.org) by April 1, 2020.

### Questions?

Please feel free to contact us at [trivera@worldservants.org](mailto:trivera@worldservants.org) or (304)457-4575, if you have any questions.

World Servants is a worldwide, interdenominational organization. For more than 30 years, we have sent people to communities around the globe to be learners, servants, and storytellers open to the works and teachings that God has prepared. Mission participants are challenged and developed through learner-driven training and dynamic short-term mission projects. These projects have a long-term impact both on volunteer participants and local communities while assisting these communities to become self-sustaining and interdependent. Our hope is participants will be inspired to continue to serve people in need upon their return home. We believe as people develop as servants and leaders, they implement servant hood into all areas of life: business, family, community, congregations, government, and international relationships.
